### PROFILE

I am actively seeking a challenging role as a software developer where I can leverage my strong development skills, program design expertise, and deep programming knowledge to contribute to the creation of innovative software solutions. With a keen eye for detail and effective time management skills, I am committed to delivering high-quality software within deadlines to ensure customer satisfaction. Moreover, I am eager to apply my exceptional team management skills to promote collaboration and drive successful project outcomes. I have hands-on experience in developing a car rental website, personal portfolio website, and deploying a mobile application using Flutter
